

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

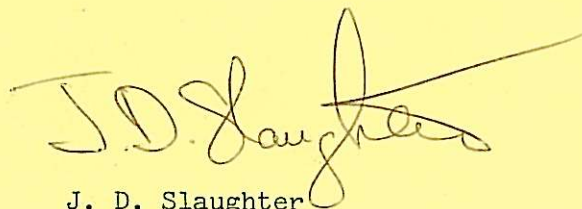

ATTENTION OF _____ FILE _____

DATE _____ December 15, 1981

DEPARTMENT _____

On Friday, December 11th, 1981 Gene Pabst and myself were making a routine inspection around the Industrial Park just north of Trafficway on Belcrest Street.

We discovered that the Alton Box Board Company (460 N. Belcrest) was disposing of some dye materials on the ground behind their building. We talked to the management of the company and we were able to persuade them to abate the problem.
